Division of City Schools, Navotas  
District of Navotas I  
**NORTH BAY BOULEVARD NORTH ELEMENTARY SCHOOL**  
Pescador II St., NBBN Navotas City

Date : \_\_\_\_\_

## CERTIFICATION

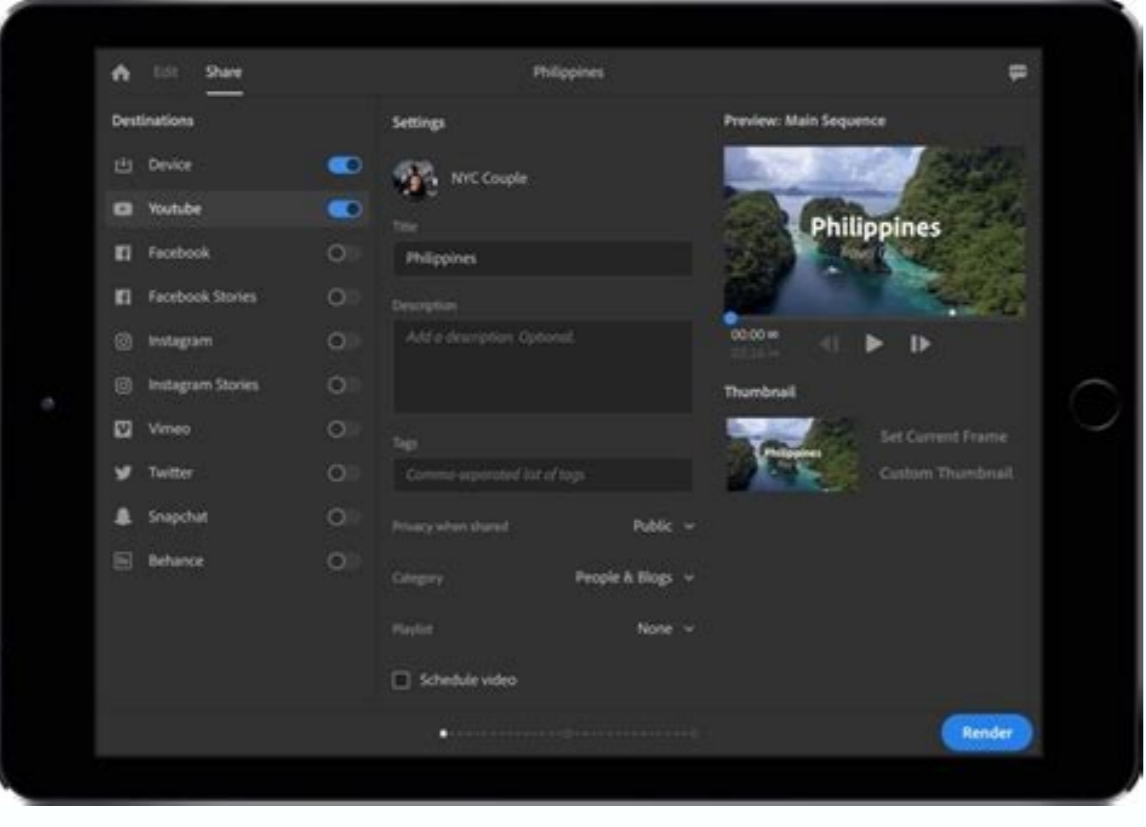

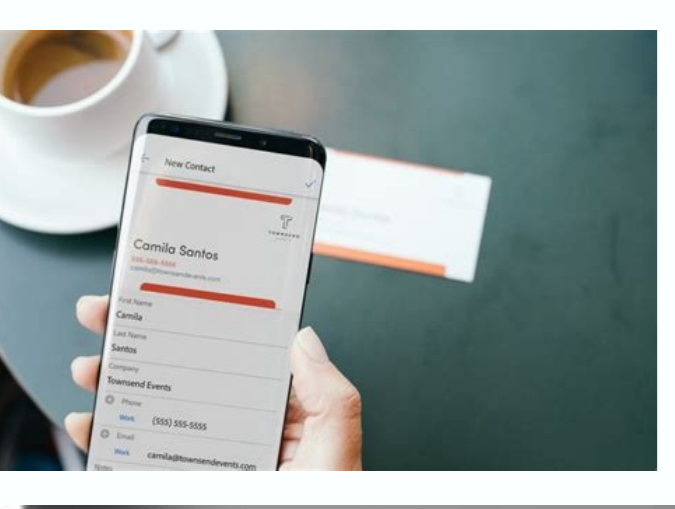

This is to certify that \_\_\_\_\_ of  
Grade \_\_\_\_\_ section \_\_\_\_\_ was enrolled in this school from  
\_\_\_\_\_ SY 2015-2016.

This certification is issued upon request for enrolment purposes.

Very truly yours,

\_\_\_\_\_  
Teacher -in-Charge

Noted:  
**DR. JESUS ISORENA ICAONAPO**  
District Supervisor  
OIC-NBBN E/S

However, Senior High School before SY 2016-2017 is voluntary for both private schools and students, and there will be no funding assistance from the government to private Senior High School before SY 2016-2017. The SHS-National Task Force (SHS-NTF) will receive applications from interested parties, establish the process and criteria in evaluating selected applicants, and evaluate the SHS applications of non-DepEd schools. Students will undergo assessments to determine their strengths and interests. Partnerships with different companies will be offered for technical and vocational courses. Private schools may offer Grade 11 as early as SY 2015-2016 to interested students. Senior High School (SHS) covers the last two years of the K to 12 program and includes Grades 11 and 12. Not necessarily. Career advocacy activities will also be conducted to help guide students in choosing their specialization or track. Non-DepEd schools may charge tuitions that are higher than the voucher subsidy amounts. How will student specializations/tracks be distributed across Senior High Schools? Private partners can donate through the Adopt-A-School program. This is a step up from the 10-year cycle where high school graduates still need further education (and expenses) to be ready for the world. Must I go to SHS? Where will Senior High School be implemented? The results of this modelling program, including best practices and learning experiences of students, have influenced the creation of the current SHS curriculum. It is inclusive and built around the needs of the learners and the community. How will K to 12 affect the college curriculum? This program enables Grade 10 completers from public and private Junior High Schools (JHS) to enroll in a (1) private high school, (2) private university or college, (3) state or local university or college, or (4) technical-vocational school, which will offer the Senior High School program starting School Year 2016-2017. This means that the burden of expenses for the additional two years need not be completely shouldered by parents. These cities include Angeles, Bacolod, Baguio, Butuan, Cagayan de Oro, Cebu City, Davao City, General Santos, Iligan, Iloilo City, Lapu-lapu, Lucena, Mandaue, Olongapo, Puerto Princesa, Tacloban, and Zamboanga City. Help spread awareness and information on the K to 12 Program. A 150% tax incentive will be provided for every contribution. How will multi-grade teaching be affected by K to 12? How will SHS affect me? Changes to specific subjects are detailed in the K to 12 Curriculum Guides, viewable and downloadable at [bit.ly/cto12curriculum](http://bit.ly/cto12curriculum). Who will benefit from the Voucher Program? A 13-year program is found to be the best period for learning under basic education. The on-site validation will focus on the provision of SHS requirements for the proposed track/strand, and will certify that a school exhibits the necessary SHS requirements to implement the program. How much is the value of the voucher? We encourage you to consider this to share your valuable knowledge and experience to our SHS learners. Last March 31, 2015, provisional permits have been issued to 1,122 private schools that will offer Senior High School in 2016. JHS completers who will enroll in a SHS located in the National Capital Region (NCR) will receive a full voucher value of PHP 22,500. I am a hired TVI course graduate/HEI faculty/practitioner. There may also be stand-alone Senior High Schools established by DepEd or private organizations. Are we really ready for K to 12? There are 33,608 classrooms completed and undergoing construction in 2014. Languages other than the 19 current mother tongues (Bahasa Sug, Bikol, Cebuano, Chabacano, Hiligaynon, Iloko, Kapampangan, Maguindanaon, Meranao, Pangasinense, Tagalog, Waray, Ybanag, Ivatan, Sambal, Aklanon, Kinaray-a, Yakan, and Surigaonon.) What is Senior High School? You will now be able to apply for TESDA Certificates of Competency (COCs) and National Certificates (NCs) to provide you with better work opportunities. DepEd will hire 37,000 teachers for Senior High School for 2016 alone. All JHS completers from public junior high schools are qualified to receive the full voucher values. Will SHS modelling schools that implemented the SHS program in SY 2012-13 be allowed to implement the SHS Program? Beginning SY 2016-2017, you must go through Grades 11 and 12 to graduate from High School. The principle of MTB-MLE is to use the language that learners are most comfortable and familiar with; therefore, the common language in the area or lingua franca shall be used as the language of instruction. Will Mother Tongue Based Multi-Lingual Education (MTB-MLE) include other languages in the future? SHS will be offered free in public schools and there will be a voucher program in place for public junior high school completers as well as ESC beneficiaries of private high schools should they choose to take SHS in private institutions. These plans were reviewed by a separate team and finalized upon consultation with other stakeholders. Regional Offices will be deputized to conduct on-site validation for all applicants. This ensures that by the time you graduate from Senior High School, you will have the standard knowledge, skills, and competencies needed to go to college. Through the Voucher Program, students and their families are able to exercise greater choice in deciding the Senior High School program that is most relevant to their needs and career goals. Classrooms: DepEd has built 66,813 classrooms from 2010 to 2013. Who receives, evaluates and approves the applications for provisional SHS permits? Will my school offer SHS? Subjects that have been taken up in Basic Education will be removed from the College General Education curriculum. Schools with special curricular programs will implement enriched curriculums specific to their program (e.g. science, arts) following the K to 12 standards. I am a graduate of a science/math/engineering/course. Yes, according to the law. Under K to 12, will Kindergarten be a pre-requisite for entering Grade 1? No monetary value is given to the student directly instead the subsidy is remitted to the Senior High School where he/she will enroll. The Philippines is the last country in Asia and one of only three countries worldwide with a 10-year pre-university cycle (Angola and Djibouti are the other two). The K to 12 Program covers 13 years of basic education with the following key stages: Kindergarten to Grade 3 Grades 4 to 6 Grades 7 to 10 (Junior High School) Grades 11 and 12 (Senior High School) Why are we now implementing 13 years of basic education? There are 334 private schools with SHS permits beginning in SY 2014 or 2015. You can find out more at [www.depEd.gov.ph/k-to-12](http://www.depEd.gov.ph/k-to-12). With K to 12, will there be an overlap between the Day Care program of Local Government Units (LGUs) and DepEd Kindergarten? These two additional years will equip learners with skills that will better prepare them for the future, whether it be: Employment Entrepreneurship Skills Development (Further Tech-Voc training) Higher Education (College) How will students choose their Senior High School specializations? How will schools implementing special curricular programs such as science high schools, high schools for the arts, and technical vocational schools be affected by K to 12? The DepEd Secretary approves applications for the SHS Program and issues provisional permits to applicants upon the recommendation of the Undersecretary for Programs and Projects. Specializations or tracks to be offered will be distributed according to the resources available in the area, the needs and interests of most students, and the opportunities and demands of the community. What is the K to 12 Program? No. Day Care Centers of LGUs take care of children aged 4 or below, while the DepEd Kindergarten program is intended for children who are at least 5 years old by October 31st of the present school year. Can I apply as an SHS teacher? Temporary permits will be issued by DepEd for those who meet the requirements for the Senior High School Program. I am a practitioner. SHS modelling schools listed in DepEd Order No. 71, s. These will include an aptitude test, a career assessment exam, and an occupational interest inventory for high schools. It is the first time in history that the entire curriculum is digitized and made accessible to the public. Graduates of technical-vocational courses must have the necessary certification issued by TESDA and undergo training to be administered by DepEd or HEIs. Faculty of colleges and universities must be full-time professors and be holders of a relevant Bachelor's degree. How can I help improve basic education? Textbooks, Learning materials are being produced for elementary to junior high while textbooks for Senior High School (which has specialized subjects) are being bid out. Republic Act No. 10157, or the Kindergarten Education Act, institutionalizes Kindergarten as part of the basic education system and is a pre-requisite for admission to Grade 1. You can also ask your school administration (public or private) to contact the DepEd division office to help organize an orientation seminar. DepEd and private schools may also hire

standard for students and professionals globally. You can learn more about the tracks and strands (as well as their curriculum) on [deped.gov.ph](#). All schools and organizations must first apply for a permit from DepEd. Different institutions may also partner with each other and apply for SHS as a group. Will I lose my job? Details of the new GE Curriculum may be found in CHED Memorandum Order No. 20, series of 2013. JHS completers from private schools and non-DepEd schools can also apply for vouchers worth 80% of the full voucher value. The Regional Office releases the provisional permit to the applicant. Curriculum: The K to 12 curriculum is standards- and competence-based. Which private institutions are allowed to offer Senior High School? This will only happen if none of the HEIs will put up their own Senior High Schools, which is since we are currently processing over 1,000 SHS applications from private institutions. Is SHS really necessary? Specializations or tracks in students' areas of interest will also be offered. As of DepEd is planning to establish 5,899 Senior High Schools nationwide. A voucher recipient may only be able to avail of the voucher subsidy for two (2) successive years. SY 2011-2012: Universal Kindergarten implementation begins SY 2012-2013: Enhanced curriculum for Grades 1-7 implemented 2013: K to 12 enacted into Law 2014: Curriculum for Grades 11-12 finished This 2015, we are getting ready for the implementation of Senior High School (SHS) in SY 2016-2017 We are on the fifth year of the implementation of the K to 12 Program. What is the Voucher Program? SHS creates the following opportunities: Standard requirements will be applied to make sure graduates know enough to be hireable. As of June 22, 2015, DepEd has issued provisional permits to 2,847 private schools set to offer Senior High School in 2016. The worst-case scenario is that 39,000 HEI faculty will lose their jobs over 5 years. What will I learn in SHS that the current high school curriculum doesn't include? Senior High School "completes" basic education by making sure that the high school graduate is equipped for work, entrepreneurship, or higher education. How can I apply for the voucher program? Which Mother Tongue will be used as the language of instruction in multi-cultural areas? Will SHS mean two more years of High School? Applications must contain the requirements detailed in DepEd Memo No. 4, series of 2014, viewable at . Private SHS: There are 2,847 private schools cleared to offer Senior High School as of June 22, 2015. Learn more on the Deped website What are the advantages of the Voucher Program? Even those who normally do not have the financial means will be able to choose from different schools. The proposed SHS Curriculum consistent with the final SHS Curriculum issued by DepEd must be submitted upon application. Submission of letters of intent only will not be processed. Yes. Where can I find out more about SHS? While the assessment on readiness skills of students in Kindergarten is not academically driven, a good measure of the child's ability to cope with formal schooling is needed for future learning interventions. The Department will prioritize affected faculty who will apply as teachers or administrators in our SHS. Existing public and private schools, including colleges, universities and technical institutions may offer Senior High School. All applications must only be submitted via email to [ktol2@deped.gov.ph](mailto:ktol2@deped.gov.ph). \*Faculty of TVs and HEIs will be given priority in hiring for the transition period from September 2013 until SY 2021-2022. What subjects will be added and removed? The K to 12 Curriculum was designed to address diverse learner needs, and may be adapted to fit specific learner groups. They will not be limited to the schools that are provided by the DepEd. For Private Schools Private schools with SHS will be able to tap into an expanded market — students from public junior high schools But are we really sure that it will work in the Philippine education system? Students and parents are expected to cover the difference between the tuition fee charged by the school and the voucher subsidy from government. SHS, as part of the K to 12 Basic Curriculum, was developed in line with the curriculum of the Commission of Higher Education (CHED) – the governing body for college and university education in the Philippines. The voucher must be used in the school year immediately following the year of JHS completion. What has been done to get ready for K to 12? DepEd is also hiring more than 30,000 new teachers in 2016 alone. Instead of being employed, you can choose to start your own business after graduating, or choose to further your education by going to college. Our last mile is the Senior High School. 2013 may implement the SHS program, but they must go through the process of applying a provisional SHS permit, and must meet the standards and requirements for the SHS Program. Private junior high school completers who are on Education Service Contracting (ESC) grants will receive 80% of the full voucher value. A certain amount will be subsidized by DepEd to private SHS to offset the cost of tuition. Who issues the permits? Only applications with complete documentary requirements will be processed by the SHS-NTF on a first come-first served basis. You can now get work experience while studying; and companies can even hire you after you graduate. How will specific learning groups such as indigenous people, Muslim learners, and people with special needs be affected by K to 12? How will SHS affect my college education? What other information should applicants remember in applying for a SHS permit? The actual amount of the vouchers will depend on the location of the SHS where the student will enroll. If you are willing to teach on a part-time basis, you will not be required to take and pass the Licensure Examination for Teachers (LET). With K to 12, should schools prepare permanent records for Kindergarten students? If you want a permanent position, you will need to take and pass the LET within five years after your date of hiring to remain employed full-time. Who is in charge of Kindergarten teacher compensation? Can a private school offer Senior High School before SY 2016-2017? If I choose not to go to SHS, what happens to me? In SHS, students will go through a core curriculum and subjects under a track of their choice. Will the additional two years of High School mean additional expenses? DepEd is the main agency that employs and pays Kindergarten teachers in public schools. In SY 2012-2013, DepEd tested the SHS program to over 10,000 students in a total of 56 schools around the Philippines. You will be a grade 10 completer, but not a high school graduate. Teachers: From 2010-2014, DepEd has filled 128,105 new teacher items. Entrepreneurship courses will now be included. Multi-grade teaching will continue and will use the K to 12 Curriculum. Students will be notified of their eligibility prior to completing Grade 10. JHS completers who will enroll in a SHS located in Non-NCR Highly Urbanized Cities (HUCs) will receive a full voucher value of PhP 20,000. For the new Senior High School grades (Grades 11 and 12), core subjects such as Mathematics, Science and Language will be strengthened. For Students The voucher program can provide high-quality education for all types of students. DepEd is targeting two kinds of teachers: those who will teach the core subjects, and those who will teach the specialized subjects per track. However, there are LGUs that help in the Kindergarten program and provide honoraria for additional Kindergarten teachers in public schools. JHS completers who will enroll in a SHS located in other cities and municipalities will have a full voucher value of PhP 17,500. Elementary graduates are those who finish grade 6; high school graduates must have finished grade 12. The College General Education curriculum will have fewer units. Can I apply? Senior High School covers eight learning areas as part of its core curriculum, and adds specific tracks (similar to college courses) based on four disciplines: Academic (which includes Business, Science & Engineering, Humanities & Social Science, and a General Academic strand) Technical-Vocational-Livelihood (with highly specialized subjects with TESDA qualifications) Sports Arts & Design SHS Students may pick a track based on how he or she will want to proceed after high school graduation. The current curriculum has been enhanced for K to 12 and now gives more focus to allow mastery of learning. You may teach as part-time teacher in Senior High School under the track subjects. No high school teachers will be displaced The Department of Education (DepEd) is in constant coordination with CHED and DOLE on the actual number of affected faculty from private higher education institutions (HEIs). The curriculum is done and is available on the DepEd website. How will the current curriculum be affected by K to 12? Will SHS ensure employment for me?

The K-12 Program is found to be adequate period for learning under basic education and its distinction requirement of professionals and non-professionals in our country and in foreign Asian or Non-Asian countries. ... A survey from the DepEd shows that out of 100 students studying in elementary, only 80 of them will graduate and those 80 ...
